Airport Board Positions Available!

The City of Maryville has 2 positions available on the Northwest Missouri Regional Airport Board. Candidates for these positions shall reside inside the city limits for no less than 1 year prior to making application, shall be a United States citizen, and shall be at least 21 years of age. Citizens that meet these requirements and have some knowledge of aviation are asked to consider making application to serve on the Airport Board for a 3 year term.

Applications can be found at www.maryville.org, or by visiting the City Clerk's office at 415 North Market Street, or by calling City Hall at (660) 562-8001.

City of Maryville Trivia:

"The City of Maryville was named after a prominent Nodaway County Politician's wife. What was her full name?"

Check out the July Edition of the Maryville Newsletter for the answer!

Munn Avenue Improvement Project: Update

Phase I is underway and has experienced several delays due to weather and utility relocations. The overrun is estimated at approximately three (3) weeks. The contractor is working with SK Design Group, Inc. and City staff to address a significant amount of poor sub grade in Phase I before paving. Phase II is anticipated to begin near the first or second week of June. Phase II completion date remains August 15th to allow for direct access to the Maryville High School.

Fly-In at NWMO Regional Airport

The Hawk Road Flyers EAA Chapter 1540 is having a Fly-In event at the airport on Sunday, September 8, 2013. Tentatively scheduled activities include a pancake breakfast, static aircraft display, military aircraft fly over, National Guard display, airplane rides, and vendor booths. All area pilots are encouraged to fly in and enjoy the facilities. A formal schedule will be presented at a later date.

Time for yard clean-up. Be sure to keep your grass mowed and yard waste picked up per City Code Section 215. Please take care of your lawn and keep our City beautiful!

Maryville Wastewater Treatment Plant

HDR Engineering, Inc. has completed design and engineering of the new mechanical wastewater treatment plant. Construction of the plant is required to upgrade Maryville's current lagoon system to meet new regulations for ammonia disinfection and removal presented by the Missouri Department of Natural Resources (DNR) and the Environmental Protection Agency (EPA). All property and easements to construct the facility have been acquired and revenue bonds to finance construction have been approved by Maryville voters. The City of Maryville is now seeking bids from qualified contractors for the construction of the improvements at the Maryville Wastewater Treatment Plant. The new plant must be operational by July 1, 2015 or the City of Maryville could face substantial fines for non-compliance of new regulations.

The RFP is available at www.maryville.org

GFOA Distinguished Budget Award

The City of Maryville has received its first ever Government Finance Officers Association (GFOA) Distinguished Budget Presentation Award for the FY 2013 Budget document. The award represents a significant achievement by the entity. It reflects the commitment of the governing body and staff to meeting the highest principles of governmental budgeting. In order to receive the budget award, Maryville has to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as a policy document, financial plan, operations guide, and communications device. Budget documents must be rated "proficient" in all four categories and fourteen mandatory criteria within those categories to receive the award. Only 1,340 entities in the United States and Canada are expected to obtain the award. The Distinguished Budget Presentation Award Program is the only national awards program in governmental budgeting. The FY 2013 Budget document can be viewed at www.maryville.org/budget13.

The schedule of presenters has been released for the 2013 International Town & Gown Association (ITGA) Annual Conference. City Manager Greg McDanel, and Assistant City Manager Ryan Heiland will be presenting a concurrent educational session through the conference track of Municipal Partnerships/Community Advocacy. The session is titled "Partnerships for Progress: Infrastructure that creates symbolic and functional improvements in a community" and will focus on efforts to this point to address the 4th Street Corridor in Maryville. Out of forty-two (42) sessions scheduled for the annual conference, Maryville represents the only municipality nationwide to be represented as presenters.

Campus Town Redevelopment Program

Applications are now available for the Campus Town Redevelopment Incentive Program. The program is designed to encourage the demolition of substandard housing and foster new construction in an area defined as the Campus Town Overlay. CTRIP aims to incentivize property owners to enhance the appearance and functionality of their property while increasing the assessed value of the area through redevelopment. CTRIP applicants are potentially eligible for elimination of all tipping-fees for demolition debris at the Maryville Transfer Station and waiver of all permit fees associated with redevelopment. These fees may include: water tap, sewer tap, demolition, building, plumbing, mechanical, and electrical permit fees. Applicants must meet specific criteria and be approved before any demolition or construction occurs. More information regarding requirements of the program and an application can be found at www.maryville.org/ctrip.

Upcoming Events:

- ⇒ 6/10 Trails Committee Meeting
- ⇒ 6/10 City Council Meeting
- ⇒ 6/17 Mozingo Advisory Board Meeting
- ⇒ 6/18 Airport Board Meeting
- ⇒ 6/18 Municipal Court
- ⇒ 6/19 Planning & Zoning Commission Meeting
- ⇒ 6/24 City Council Meeting
