Sales Tax Reduction Bills

On the last day of the legislative session several bills were passed regarding sales tax that may result in substantial sales tax revenue reductions for the City of Maryville. The bills, SB 584, SB 693, SB 662, and SB 612, were allowed no due process or committee hearings to allow jurisdictions collecting sales tax to participate. Maryville is very reliant on sales tax a source of revenue in the general fund to maintain basic city services, to pay for capital improvements in the CIP fund, operate Mozingo Lake Recreation Park, and pay debt service on general obligation bonds. The Missouri Department of Revenue estimates Maryville could potentially lose \$513,000 in revenue of the approximately \$4 million collected annual due to the passage of these bills. The City of Maryville has contacted and wrote a letter to Governor Nixon urging a veto on these bills.
