1. The Board may hear appeals where it is alleged there is an error in any order, requirement, decision or interpretation made by an Administrative Official in the enforcement of this Title.

If the Board determines that the request is in the nature of requesting a variance from the terms of this Title as would not be contrary to the public interests, that said variance is based upon special conditions unique to Appellant and that a literal enforcement of the provisions of this Title would result in unnecessary hardship; or if the Board finds that there has been an error by the Administrative Official in the interpretation or application of an ordinance in this Title, then the Board may proceed to a decision, all subject to the provisions of Findings of Variance in Section 415.060. 1. The appeal falls within the jurisdiction of the Board;
2. Notice of the proceedings has been given as required;
3. Application of the provisions of the ordinance or zoning law unreasonably limits the normally accepted use of such property;
4. The undue hardship of which the applicant complains is one suffered by the applicant rather than by neighbors or the general public;
5. The undue hardship relates directly to the applicant's property;
6. The undue hardship is unique to the applicant, or nearly so, rather than one shared by the many surrounding properties;
7. The undue hardship is not the result of applicant's own actions; and
8. The variance will neither result in the extension of a non-conforming use nor authorize the initiation of a non-conforming use.

Before granting a variance, the Board shall take a separate vote with at least two-thirds (2/3) of those present and voting, voting in favor of each of the required findings stated in Section 415.060. Insofar as practicable, the motion to make an affirmative finding on each of the requirements shall include a statement of specific reasons or findings of fact supporting such motion.

In exercising the above-mentioned powers such Board may, in conformity with the provisions of Sections 89.010 to 89.140, RSMo., reverse or affirm wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made and to that end shall have all the powers of the officer from whom the appeal is taken. The concurring vote of four (4) members of the Board shall be necessary to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance or to effect any variation in such ordinance.
