# WHAT IS THE NEW YEAR'S CHALLENGE?

The New Year's Challenge is an 8 week competition (January 7th-March 7th) designed to encourage and motivate participants as they work towards health and fitness goals. Participants register as teams of two. If you don't have a partner, you can register as an individual and be randomly placed with a partner.

Partners will compete against other teams of two by tracking activity points. Earn points by attending special speakers, events, programs, tracking your exercise, and losing weight! Every week, partners will submit their team's points electronically or hand in a hard copy at the front desk. Points are due by noon each Monday, no exceptions. Point sheets are tracked Monday-Sunday. Points will then be collected and a running total will be tracked.

Weight loss does count but only at the middle weigh in and ending mandatory weigh ins. For every 1% of body weight lost, you will receive 25 points. After the middle weigh in your body weight percentage points will be calculated and added for that week. After the ending weigh in, your body weight percentage points will be calculated and added at the end total. The teams with the highest amount of points will be the winners.

This year, we want to motivate people to get healthy and active, not just by losing weight. We will offer a variety of opportunities for nutrition, motivation, fitness, and health information throughout these 8 weeks. We'll hand out a monthly calendar with dates and times for these activities, as well as email you information. Email will be the primary form of communication.
