

Maryville City Council
Regular Session
February 22, 2010
7:00 p.m.

The Council of the City of Maryville, Missouri, met in regular session on Monday, February 22, 2010, at City Hall, 415 North Market Street, in said City at 7:00 p.m.

PUBLIC HEARINGS

- Mayor Jackson opened a public hearing regarding the acceptance of the preliminary Plat of the Gorman Hills Subdivision. Any persons wishing to speak for or against the issue were requested to come forward and state their name and address for the record. No persons appeared to be heard. Mayor Jackson closed the public hearing.
- Mayor Jackson opened the public hearing regarding the closure of the Children and Family Center Community Block Grant Project. Grant Administrator Jerri Dearmont, Northwest Missouri Regional Council of Government (NWMORCOG), facilitated the closeout hearing.
The grant was awarded May 2008 in the amount of \$300,000 for the purchase of a newer facility located at 1220 East Second Street in Maryville. The facility houses the Children & Family Center of Northwest Missouri which is a shelter for abused children and battered spouses.
Elizabeth Mullins was the Registered Architect on this project. Her services were all donated as in-kind match towards the grant funds which totaled \$5,200.
An environmental review was performed on the project by the NWMORCOG. It was determined the project would have no adverse effect on the environment and the State issued an “Authority to use Grant Funds” for this project in September 2008. This was one step that must be completed by any project before a grantee can advertise for construction bids.
The city procured for Professional grant administrative services in October 2008 and received only one proposal. The contract was awarded to RCOG in the amount of \$18,000.
After the Specifications and Plans were completed, the city procured for bids in May 2009. However, the first bids were over budget and Children and Family Center rejected both bids received. The specifications and plans were revised by deleting items the center would pay to have constructed. The second bidding was held in July 2009 and received four bids. The low bidder was Helsel Design and Construction from St. Joseph, MO in the amount of 55,722. The pre-construction meeting was held August 24, 2009 to review the project details and discuss responsibilities. Start of construction September 8, 2009.
Denise Derks, Compliance Specialist with the DED will conduct a monitoring on the project, March 8, 2010. Once this is all complete, the project can be closed.

The project included the purchase of a newer facility to house the Children & Family Center of NW MO. Renovations were also made to the facility that included converting the existing attached two-car garage into office space, work center and a lobby. A new two-car detached garage was constructed on the back side of the property.

The Center installed a security system, privacy fence and parking lot as additional items towards this project not associated with grant funds (costs not included below).

AUDIT REPORT PRESENTATION

Dir., Finance Denise Town introduced Mia Frommelt and Ms Kristin Hughes, McGladrey Pullen, Certified Public Accountants. A summary of the report prepared was a result of the audit performed. An Annual Financial Report, for the fiscal year ending September 30, 2009, was presented and reviewed. The City of Maryville, at the end of the 2009 fiscal year, had a reservation of well over the recommended sixty (60) to ninety (90) day cash reserve.

It was noted that the City of Maryville received the Certificate of Achievement for Excellence in Financial Reporting (CAFR), presented by the Governmental Financial Officers Association (GFOA), for fiscal year ending September 30, 2008. Upon review of this document, review comments were received from the GFOA review committee which must be addressed and remitted with the following year's CAFR. One of the comments received was regarding the treatment of the Maryville Public Library as a component of the City. After further review of the State Statutes and city files, it was determined that the Maryville Public Library was not a component unit of the City. The City Council has the authority to appoint Library board members, but there is nothing else that would qualify the library as a component unit of the City of Maryville. As a result the auditors issued a finding of significant deficiency in internal control.

PLANNING AND ZONING COMMISSION REVIEW OF R-2 ZONING ORDINANCE

Dir., Public Works Greg Decker explained that the Planning and Zoning Commission met on February 3, 2010, to discuss the R-2 zoning ordinance, to determine a suitable definition of "family" and "accessory rental". After discussion, they agreed to recommend to the City Council to turn the review over to City Attorney Doug Thomson to find a definition for "family" that will best serve the City, checking for loopholes in the process. The Commission also recommended the removal of "accessory rental". The Council agreed with the recommendation.

City Attorney Thomson stated that the first step would be to renew the definition.

Paula Haataja, 635 West Third Street, asked if the definition of "family" would be the same for all zones or if it will vary.

It was discussed that after a satisfactory definition was determined, that a request for feedback could be made, possibly in the form of a public hearing or town hall discussion.

Mr. Bob Keirse, 928 West Second Street, stated that it should be taken into consideration that the

property owners have made investments in the real estate and that their investments should be protected.

It was discussed that perhaps a conscience could be reached by working with the University to zone an area for multi-housing, (i.e. several college students in a home) and the R-2 housing for families.
