CITIZENS TO BE HEARD

Mayor Jackson welcomed citizens and stated this the time for persons to address the Council on items not on the agenda. Any persons wishing to speak were requested to come forward and state their name and address for the record.

Bob Cooper, 25168 State Hwy EE, stated that on behalf of the Trails Committee he would like to thank the City Council for their support in trail development in the City of Maryville. He noted several others who have played an important roll in trail development. Several grants have been received and others are planned to be applied for in the future. To date, \$250,000 in grants have been received, with no fund match required.

Councilman Thompson, in return, thanked the Trails committee for their hard work. He added that he was informed that there are citizens that have concerns about the proposed trails.

David DuVall, 1319 East Crestview Drive, presented to the City Council with a petition from residents in the Crestview area, asking the City Council to reevaluate plans for the proposed walking/biking trail in the Crestview neighborhood. He stated that the members of the Crestview

community have concerns about safety.

Merv Beattis, 1247 East Crestview Drive, said he was concerned with the poor visibility and confusion the proposed trail might cause on East Crestview Drive, especially at the curve.

Margueritte Carmichael, 1119 Crestview Drive, was concerned about the traffic congestion at the intersection of Crestview Drive, East Crestview Drive and West Crestview Drive.

Nancy Poole, 1239 East Crestview Drive, said that presently she feels safe but wasn't sure if that would hold true with people walking/biking in the area.

Marilyn Bettis, 1247 East Crestview Drive, was not comfortable with middle school aged students walking in the area. She added that crossing at West South Avenue could be hazardous.

H. L. Poynter, 1205 West Crestview Drive, asked the Council to revisit the issue and weigh the concerns presented. He said that seventy-five percent (75%) of the residents in the Crestview Drive area were opposed to the trail being placed in their neighborhood. He asked that they avoid trails in the streets. Mr. Poynter said he thought it was an expensive solution looking for problems.

Dave Robbins, 1024 South Walnut Street, suggested an alternate route following the Peach Creek area, which he thought was public property.

Mayor Jackson stated that it was his understanding that there is no public property along Peach Creek.

Jeff Anderson, a non-resident of Maryville, remarked that it is common in other areas to incorporate biking paths into a street.

Richard Landes, 1224 East Crestview Drive, thanked the city for their achievements in promoting trails. He stated that he thought the Crestview plan was a great idea and added that it is the beginning of a master plan.

Dave DeVall said that the Crestview residents are not against the trails, but do not feel Crestview is the appropriate location for the project. It was of his opinion that bicyclists and walkers were in two separate categories, as far as their impact on the trails.

Mayor Jackson explained that receiving Safe Routes to School grants initiated the idea of having trails leading to the schools. It was intended to avoid highway traffic and yet lead to parks and other areas of the city.

Don Nothstine recalled the numerous public meetings held to obtain feedback from citizens. He said that according to surveys done, obtaining trails was high on the list of suggestions.

John Scarbrough, 1335 East Crestview Drive, stated that although he moved to Crestview last spring, he signed the petition without being fully informed before hand. He added that he was not against trails.

Councilman Thompson stated that he had begun making strides in learning more about both sides of the issue.

Mayor Jackson said that more discussion is needed, and that it would be continued at a later time.

The Trails committee will be meeting next month.

Mayor Jackson asked if there was anything else, anyone wanted to approach the Council about.

Josie Frederick, 1115 East Bell Street, Arkoe, Missouri, stated that she and her family moved to the area recently and asked why non-residents of the City have to pay a twenty-five dollar (\$25) fee to use the Maryville Public Library. She said she has never experienced that before.

City Manager Matt LeCerf explained that the public library is funded by property tax, fines and user fees. Citizens that do not live within the city limits are not charged a library taxes on their property taxes. Consequently, they are charged a fee of twenty-five dollars (\$25).

Ms Frederick asked what the procedure would be to change it to a county library, to eliminate the fees.
