PAYMENT VENDOR SCHEDULE

Motion was made by Councilman Shipley, seconded by Councilwoman Martin, to approve the payment of bills, as presented. Upon roll being called, the vote was as follows: Councilwoman Martin, yea; Councilman Shipley, yea; Councilman McDowell, yea; Mayor Riedel, yea. Motion carried.

AN ORDINANCE TO AMEND A PLANNED UNIT DEVELOPMENT (PUD) LOCATED AT 507 & 509 W. 8TH STREET, 804 & 806 N. WALNUT STREET, AND 814 & 816 N. WALNUT STREET

The City Clerk presented a bill, Bill No. 2015'65 for an ordinance entitled:

AN ORDINANCE TO AMEND ORDINANCE NO 7609, AMENDING A PLANNED UNIT DEVELOPMENT BY CURT TOBIN, LOCATED AT 507 AND 509 WEST 8TH STREET AND 804 AND 806 NORTH WALNUT STREET AND 814 AND 816 NORTH WALNUT STREET, MARYVILLE, MISSOURI.

On March 19, 2014 the Planning & Zoning Commission met and recommended an approval of a Planned Unit Development (PUD) request from Curt Tobin for three separate duplexes at 8th and Walnut Street. The PUD was approved by the Maryville City Council and the two north duplexes have been built. Originally, the 3rd duplex was to face West Eighth Street. Mr. Tobin would like to amend his PUD to face this duplex toward North Walnut like the first two. The lots are located in an R-4 Multi-Family Zone and are part of the Campus Town Overlay.

In 2013, the Tobin's submitted an application to be accepted into the Campus Town Redevelopment Incentive Program (CTIP). The property contained three (3) unsafe and dangerous structures that were removed upon approval of the application. The Tobin's split the lots into three (3) more equally sized lots to allow for redevelopment. Duplex construction is allowed in R-4 Zones and therefore allowed in the Campus Town Overlay District. However, site regulators from the Campus Town Overlay District cannot be met with this development and thus the planned unit development was proposed.

The following shows the proposed duplex with allowed and proposed site regulators.

Campus Town Overlay Site Regulators 800 & 802 North Walnut Street			
Regulators	Allowed	Proposed	Code Compliant
Site Area	2 x 4,000 sq. ft. 8,000 sq. ft.	9,062 sq. ft.	Yes
Min. Lot Area	8,000 sq. ft.	9,062 sq. ft.	Yes
Min. Lot Width	66 ft.	61.11 ft.	No
Min. Yard Setbacks	-	-	-
Front*	25 ft.	19 ft.	No
Side	7 ft.	6 ft.	No
Street Side	15 ft.	6 ft.	No
Rear	25 ft.	91 ft.	Yes
Max. Height	35 ft.	Approx. 25 ft.	Yes
Max. Bldg. Coverage	50%	1,592 sq. ft. = 17%	Yes
Max. Impervious Coverage	70%	4,352 sq. ft. = 47%	Yes
Parking	8 x 1.25 = 10	10	Yes

* The required twenty-five foot (25') front yard setback has been adjusted by calculating the larger of the average of the setback of adjacent structures to the property or the average of all the properties on the block face.

The required minimum lot width for duplex development is sixty-six feet (66'), while the newly formed lots have a width of sixty-one and 11/100 (61.11) feet. The normal front yard setback for this lot would be twenty-five (25) feet. This had been adjusted to nineteen (19) feet, six (6) inches due to the average setback of the neighborhood. The owner would propose that the structure be set nineteen (19) feet from the front property line. The side yard of seven (7) feet is required, however, the owner would propose a six (6) foot side yard setback. Staff believes that the seven (7) foot requirement is an error on our site regulators chart and should be changed to six (6) feet to match existing ordinances. Staff will in the near future propose such a change to the City Council.

Finally, the minimum street side setback of this structure would be fifteen (15) feet. The developer has proposed a six (6) foot setback.

The adjacent zoning and land uses surrounding the subject sites are, to the north multi-family rentals, with Medium Density and High Density Residential designation in a R-4 zone; South, Multi-family rentals with Medium Density Residential, in a R-4 zone; East, a mix of owner occupied & rental structures, in an R-2 zone; and West, Multi-family rentals with medium density and high density residential, in a R-4 zoning and campus living.

Areas to the north, south, and west of the subject sites are predominantly multi-family rentals. To the east, is a mix of owner occupied and rental structures. Approval of the Planned Unit Development will allow for new structures to be placed on parcels in accordance with CTRIP.

Staff suggested that the proposed duplex was a good fit for the Campus Town Overlay District. The purpose of the Campus Town Overlay District was to encourage the development of rental residential property adjacent to Northwest Missouri State University and away from other predominantly single family neighborhoods.

The proposed development does have some deviations from the Campus Town Site Regulators. These shortfalls, although they do not meet the letter of the ordinance, meet the intent of the ordinance.

The duplex would meet the Comprehensive Plan proposed category of Medium Density Residential (MDR). Recommended criteria for Medium Density Residential Developments include innovative design for new projects and planned areas.

Staff recommended approval of the Planned Unit Development for the construction of a duplex.

Upon motion duly made, said bill was read by title on the first reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

Upon motion duly made, said bill was read by title on the second reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

A motion was made by Councilman Shipley, seconded by Councilwoman Martin, to rezone Solar Ridge Subdivision as R-2M Single Family Modified. Upon roll being called the vote was as follows: Councilwoman Martin, yea; Councilman Shipley, yea; Councilman McDowell, yea, Mayor Riedel, yea. Motion carried.

Said bill was then identified as Ordinance No. 7763 and was duly passed, adopted and was thereupon signed by the Mayor and attested by the City Clerk.

AN ORDINANCE TO APPROVE A MEMORANDUM OF UNDERSTANDING WITH MARYVILLE R-II SCHOOL DISTRICT FOR A SCHOOL RESOURCE OFFICER (SRO) PROGRAM

The City Clerk presented a bill, Bill No. 2015'66 for an ordinance entitled:

AN ORDINANCE AUTHORIZING THE MAYOR OF THE CITY OF MARYVILLE, MISSOURI, TO EXECUTE A MEMORANDUM OF UNDERSTANDING WITH THE MARYVILLE R-II SCHOOL DISTRICT, RELATED TO THE CITY PROVIDING A SCHOOL RESOURCE OFFICER FOR PUBLIC SCHOOLS, MARYVILLE, MISSOURI.

The City of Maryville has partnered with the Maryville R-II School District in a School Resource Officer (SRO) Program for the last 14 years. The program provides a Maryville Officer to be assigned exclusively to Maryville R-II schools for the duration of the school year. For any law enforcement matters that occur within the designated facilities, the SRO handles and/or assists in finding resources to address the matters, both proactively and as a response.

About five (5) years ago, our then SRO resigned and a decision was made to no longer fund that assignment / program. The school district desired to continue the program and the parties came to a financial agreement to sustain the program. At that point a Memorandum of Understanding (MOU) was drafted and approved by respective legal counsel and governing bodies.

The renewal of the MOU is hereby presented in its original form for consideration by both entities.

Essentially seventy-five percent (75%) of the SRO's salary and benefits is recouped from Maryville R-II School District under this agreement. The percentage reflects the amount of time allocated from that Officer's total hours spent in that assignment. The remaining twenty-five percent (25%) occurs in the summer season where the Officer is employed under the Mozingo Lake Patrol division.

Staff recommended approval of the proposed ordinance and authorize the execution of a Memorandum of Understanding with Maryville R-II School District for the continuation of the School Resource Officer Program. The MOU as proposed extends the current program until July 31, 2016. The program is beneficial to the City of Maryville in attempts to reduce incidents of school delinquency, addressing drug, alcohol, youth violence and other youth issues in an educational environment.

Upon motion duly made, said bill was read by title on the first reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

Upon motion duly made, said bill was read by title on the second reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

A motion was made by Councilman Shipley, seconded by Councilwoman Martin, to enter into a Memorandum of Understanding with Maryville R-II School District for the continuation of the School Resource Officer Program. Upon roll being called the vote was as follows: Councilman McDowell, yea, Councilwoman Martin, yea; Councilman Shipley, yea; Mayor Riedel, yea. Motion carried.

Said bill was then identified as Ordinance No. 7764 and was duly passed, adopted and was thereupon signed by the Mayor and attested by the City Clerk, with the agreement being identified as Contract No. 2015-38.

A RESOLUTION SUPPORTING THE CITY OF MARYVILLE, MISSOURI, BECOMING A PURPLE HEART CITY

The City Clerk presented a bill, Bill No. 2015'67 for a resolution entitled:

A RESOLUTION SUPPORTING THE CITY OF MARYVILLE, MISSOURI, BECOMING A PURPLE HEART CITY.

The City of Maryville had been approached by John D. Dismer, Department Adjutant for the Military Order of the Purple Heart Department of Missouri to consider declaring Maryville a Purple Heart City. Purple Heart Cities symbolically honor those past and present members of the United States Armed Forces by designating the community as a Purple Heart City to remember, recognize, and celebrate those recipients of the Purple Heart Medal. A total of twenty-six (26) counties and eighty (80) cities in the State of Missouri have participated and I-44

and I-70 have been named Purple Heart Trails. Nodaway County has also committed to designating the county as a Purple Heart County and will read a proclamation during the Nodaway County Fair on July 16, 2015.

Purple Heart Cities generally designate themselves as such with small signage at the main entrance to the community. the City will work with Mr. Dismer to purchase the appropriate signage if approved.

Staff recommended adoption of the proposed resolution supporting the City of Maryville becoming a Purple Heart City, which will assist with expressing our community's gratitude for those who have served and those who are now serving to protect our nation and its freedoms.

Upon motion duly made, said bill was read by title on the first reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the

Motion was made by Councilwoman Martin, seconded by Councilman McDowell, to approve the resolution supporting the City of Maryville becoming a Purple Heart City, which will assist with expressing our community's gratitude for those who have served and those who are now serving to protect our nation and its freedoms. Upon roll being called the vote was as follows: Councilwoman Martin, yea; Councilwoman Martin, yea; Councilman Shipley, yea; Councilman McDowell, yea; Mayor Riedel, yea. Motion carried.

Said bill was identified as Resolution No. 630 and was duly passed, adopted and was thereupon signed by the Mayor and attested by the City Clerk.

AN ORDINANCE TO EXECUTE CHANGE ORDER NO. 1 TO A CONTRACT WITH KELLER CONSTRUCTION COMPANY, INC. FOR THE 2015 ASPHALT MILL & OVERLAY PROJECT

The City Clerk presented a bill, Bill No. 2015'68 for an ordinance entitled:

AN ORDINANCE AUTHORIZING THE MAYOR OF THE CITY OF MARYVILLE TO EXECUTE CHANGE ORDER NO. 1, OF A CONTRACT BETWEEN THE CITY OF MARYVILLE, MISSOURI AND KELLER CONSTRUCTION COMPANY, INC. FOR THE 2015 ASPHALT MILL & OVERLAY PROJECT, MARYVILLE, MISSOURI

On March 9th, the City Council approved a contract with Keller Construction Company, Inc. for the purpose of providing asphalt milling & overlay services for the 2015 Asphalt Mill & Overlay Project. The contract was approved for an amount not-to-exceed six hundred seventy-four thousand two hundred fifteen dollars (\$674,215) which accounts for four hundred eighty-three thousand two hundred one dollars (\$483,201) from the General Fund and one hundred sixty-seven thousand seventy dollars (\$167,070) from the Mozingo Recreation Fund. The FY15 Budget included four hundred thousand dollars (\$400,000) from the General Fund and one hundred fifty thousand dollars (\$150,000) from the Mozingo Recreation Fund for overlay efforts. The additional overlay funding was made possible from significant health insurance premium savings realized when the City changed carriers in late 2014.

On May 11, 2015, staff returned to City Council to discuss the approved bid of Alternate No. 2. After an onsite inspection by staff and Keller Construction it was determined that both Ridge Road and O'Riley Road at Mozingo Lake Recreation Park are in a more serious deteriorated condition. In order to ensure full depth repairs, the City Council agreed to forego Alternate No. 2 and proceed with the full repair, mill and overlay for only Ridge Road and O'Riley Road.

The 2015 Asphalt Mill & Overlay Project has been delayed due to substantial rainfall, but Keller Construction Company, Inc. has returned to finish the remaining segments. Staff has identified another urgent section in need of repair along South Main Street, near the curve at Lincoln Street. For the last several years, staff has attempted to repair significant potholes along the west side of Main Street at this location. Unfortunately, the in-house repairs have not held up to the elements and continue to wash-out. Not only does the deteriorated pavement in the west lane ensure a rough ride, but large potholes on a curve can also be a safety concern.

Staff secured a quote from Keller Construction Company, Inc. for the repair of the west lane of South Main Street at this location in the amount of seven thousand five hundred dollars (\$7,500). The repair would include a two inch (2") mill with a replacement of hot-mix asphalt for an area of two hundred eighty-one (280) linear feet by twelve (12) feet wide. Performing a complete lane repair will ensure that surface drainage will not pop-out repair patches moving forward. Utilizing additional health insurance savings previously noted, staff has proposed Change Order No. 1 for City Council consideration.

Change Order No. 1 proposed to increase the contract with Keller Construction Company, Inc. in an amount not-to-exceed seven thousand five hundred dollars (\$7,500). The total contract would increase to six hundred eighty-one thousand seven hundred fifteen dollars (\$681,715) of which one hundred sixty-seven thousand seventy dollars (\$167,070) is planned from the Mazingo Recreation Fund and five hundred fourteen thousand six hundred forty-five dollars (\$514,645) from the General Fund. Northwest Missouri State University will also reimburse the General Fund sixteen thousand tree hundred eighty-three and 60/100 dollars (\$16,383.60) for overlay of parking areas on 4th Street from Dunn to Grand. Sufficient savings from health insurance premiums remain for the proposed Change Order No. 1.

Staff recommended approval of the proposed ordinance to execute Change Order No. 1 to a contract with Keller Construction Company, Inc. in an increased amount not-to-exceed amount of seven thousand five hundred dollars (\$7,500) for the 2015 Asphalt Mill & Overlay Project.

Upon motion duly made, said bill was read by title on the first reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

Upon motion duly made, said bill was read by title on the second reading, a copy of said bill having been made available for public inspection by filing the same in the office of the City Clerk more than twenty-four (24) hours prior to the meeting, and was duly passed by unanimous vote.

Motion was made by Councilwoman Martin, seconded by Councilman McDowell, to execute Change Order No. 1 to a contract with Keller Construction Company, Inc. in an increased amount not-to-exceed amount of seven thousand five hundred dollars (\$7,500) for the 2015 Asphalt Mill & Overlay Project. Upon roll being called the vote was as follows: Councilman McDowell, yea; Councilwoman Martin, yea Councilman Shipley, yea; Mayor Riedel, yea; Motion carried.

Said bill was then identified as Ordinance No. 7765 and was duly passed, adopted and was thereupon signed by the Mayor and attested by the City Clerk. The agreement will be made part of the original contract being Contract No. 2015-11.

REPORTS

I. NWMSU/Student Senate Liaison

- *Fall Sessions begin August 31, 2015:* Student Liaison Hannah Sears stated that fall sessions will begin August 31, 2015 at Northwest Missouri State University (NWMSU). Freshman enrollment is up.
- *Summer Movies at NWMSU:* The movie night series at NWMSU continues with the remaining showings for the summer being July 14, 21, and 28, 2015, at the Ron Houston Center, at 7:00 and 9:00 p.m.

II. City Manager

- *4th Street Improvement Project, Phase 1:* City crews worked last week to curb a storm water inlet located at the intersection of 4th Street and University Drive to formally abandon an unknown storm water pipe that caused roadway issues on June 11, 2015. The new curb will allow surface drainage to continue downhill east to the new storm water system. Keller construction will mill a full width section where the incident occurred and restore the roadway to new condition after the inlet is filled. A total of eighty-eight (88) bearcat paws have now been installed along 4th Street from Main to the stadium. Two additional paws will be installed once Keller completes the street repair.
- *Maryville Wastewater Treatment Plant* - On July at 10:17 a.m. the new Maryville Wastewater Treatment Plant became fully operational and compliant with regulatory agencies. The effluent gate is open and the mechanical facility is successfully discharging to Outfall #001 under a new permit issued by the Missouri Department of Natural Resources (MDNR). The discharge marks the timely completion of the schedule outlined in a Settlement Agreement with MDNR and the Missouri Department of Justice (DOJ). The new permit places the City of Maryville in compliance with the Missouri Clean Water Law and the Federal Water Pollution Control Act. Several minor construction items remain however are not crucial to the operation of the facility.
- *Strategic Planning Session* - The City of Maryville has hired the Art Davis Group. LLC, for the second consecutive year to facilitate a goal setting work session to develop short and long-term strategic goals as a part of the FY16 budget process. Mr. Art Davis will hold sessions with council and staff on July 26 and 27, 2015 to develop and refine priorities and goals of the City.
